Lord & Sons, Inc. was founded in San Jose, California, in 1971 and has since grown to have branches throughout the Southwest supplying customers in the western United States and beyond. The company began as a distributor of construction fasteners, specializing in structural steel-frame bolting. Within a few years, Lord & Sons began manufacturing a variety of products, and its offerings expanded beyond fasteners to become a major multiple-line brand-name distributor of all the brands and products you need.
